TO WHOMSOEVER IT MAY CONCERN

THIS IS TO CERTIFY that we have used High Performance Corrosion Coatings like Corrotech GP (M) and Cleantech PUC manufactured by Clean Coats Pvt. Ltd., 122, Creative Industrial Estate, Sunder Nagar, Kalina, Mumbai-400 098 with very good results.

We have coated large oil tanks with more than 8 Tanks using Corrotech GP (M) and Cleantech PUC, etc. and the performance of the coatings was found to be very good especially in high humidity/saline atmospheric conditions like ours. Also the environment has lot of corrosive chemical fumes and is quite aggressive and we are very happy with the product performance.

Since these products are good, hence, we have standardized on the same and started using in other areas like pipelines, remaining tanks, structures, etc.

Clean Coats Pvt. Ltd. also have undertaken application as a total turnkey and we are very happy with their quality of workmanship.

We wish Clean Coats Pvt. Ltd. a success in all their future endeavours.

VINOD NEHETE,
CHIEF INSTN. MANAGER.
